

**Howdy All,**

**In lieu of a January Potluck event we are asking everyone to support one of our own community activist and business owner:**

Fundraiser for Fred Menard

On Friday, January 20th, Fred Menard was the victim of a brutal mugging that has left him with a 3" metal plate in his skull. He's labored for years to get support for the downtown business district. Active in the community as an advocate for LGBT rights. His sole income is from running a small antiques shop in downtown Vallejo. He now needs our support. If you cannot make it to the fundraiser, contact Mark Reed at the Townhouse to make a donation.
